MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting the management discussion and analysis report for the year ended on March 31, 2023.

OVERVIEW OF THE INDIAN ECONOMY:

After real GDP contracted in FY 20/21 due to the COVID-19 pandemic, growth bounced back strongly in FY21/22, supported by accommodative monetary and fiscal policies and wide vaccine coverage. Consequently, in 2022, India emerged as one of the fastest growing economies in the world, despite significant challenges in the global environment – including renewed disruptions of supply lines following the rise in geopolitical tensions, the synchronized tightening of global monetary policies, and inflationary pressures.

In FY22/23, India's real GDP expanded at an estimated 6.9 percent. Growth was underpinned by robust domestic demand, strong investment activity bolstered by the government's push for investment in infrastructure, and buoyant private consumption, particularly among higher income earners. The composition of domestic demand also changed, with government consumption being lower due to fiscal consolidation.

Since Q3 FY22/23, however, there have been signs of moderation, although the overall growth momentum remains robust. The persisting headwinds – rising borrowing costs, tightening financial conditions and ongoing inflationary pressures – are expected to weigh on India's growth in FY23/24. Real GDP growth is likely to moderate to 6.3 percent in FY23/24 from the estimated 6.9 percent in FY22/23.

Both the general government fiscal deficit and public debt to GDP ratio increased sharply in FY20/21 and have been declining gradually since then, with the fiscal deficit falling from over 13 percent in FY20/21 to an estimated 9.4 percent in FY22/23. Public debt has fallen from over 87 percent of GDP to around 83 percent over the same period. The consolidation has largely been driven by an increase in revenues and a gradual withdrawal of pandemic-related stimulus measures. At the same time, the government has remained committed to increasing capital spending, particularly on infrastructure, to boost growth and competitiveness.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Consultancy and Advisory industry is rapidly growing in India. During the year under review, the Company has put all its efforts in serving required services to all its clients on time. The company has tried and will keep the efforts as to associate as many clients as possible. The Company derives the majority revenues from providing professional services to clients relating to Appearances before Statutory Authorities i.e. Regional Director, Registrar of Companies, National Company Law Tribunal (NCLT) and National Company Law Appellate Tribunal (NCLAT) & Advisory/consultancy services in the matter related to the Company Law. INDEPENDENT AUDITOR'S REPORT

To the Members of
SAANVI ADVISORS LIMITED.

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying standalone Ind AS financial statements of Saanvi Advisors Limited ('the Company'), which comprise the balance sheet as at 31st March 2023, the statement of profit and loss, including statement of other comprehensive income, cash flow statement and statement of changes in equity for the year ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2023, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended 31st March, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Standalone Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

Sr. No.	Key Audit Matter	How our audit addressed the key audit matter
1.	<p>As at 31st March, 2023, the company has investments of Rs. 81.92 lacs in the equity shares and mutual funds which are measured at fair value as per Ind AS 109 read with Ind AS 113.</p> <p>These investments are level 1 and level 2 investments as per the fair value hierarchy and accordingly determination of fair value is based on input from data that is not directly observable in the market for unquoted shares.</p> <p>Accordingly, the same has been considered as a key audit matter.</p>	<p>Our audit procedures included and were not limited to the following:</p> <ul style="list-style-type: none"> - Reviewed the fair value of the unquoted investment provided by the management by engaging an outside consultant. - We also involved internal experts to assess the Company's valuation methodology and assumptions, applied in determining the fair value. - Reviewed the disclosures made by the Company in the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of therein AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The board of directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the audit of Standalone Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in Extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Annexure - B to Independent Auditors' Report of even date on the Standalone Ind AS financial statement of the Saanvi Advisors Limited ("the Company")**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Saanvi Advisors Limited ("the Company") as of 31st March, 2023 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Standalone Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. use of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these Standalone Financial Statements and such internal financial controls over financial reporting with reference to these Standalone Financial Statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note No. 1
SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2023
1. Corporate Information

The Company "Saanvi Advisors Limited", a Public Limited Company was incorporated under the Companies Act, 2013 on November 30, 1981 in the name and style of "Saptharishi Finance Limited" in the state of Tamil Nadu. The Company received the Certificate of commencement of Business on April 12, 1982 issued by the Registrar of companies, Tamil Nadu. The former name of the name was than amended to 'Saanvi Advisors Limited' effective from 3rd November 2014.

Subsequently the registered office of the Company got shifted to the State of Gujarat with effect from 19th August, 2015.

The Company was incorporated to engage in the Business of Financiers and Capitalists to finance operations of all kinds including financing of movable and immovable Property of all kinds.

The main object of the company was amended in the year of 2014 and now the company is engaged into the Business to act as management consultant and render services to corporate bodies, Individuals, and Promoters in commercial, industrial management and policy matters. The Company also provides all type of services in the field of Legal, Advisory & Liasioning services, Secretarial Services including Data Conversion, Digitalization, to appear before statutory authorities, to act as Business Consultant.

Significant accounting policies followed by the company:
1.1 Basis of preparation
(i) Statement of compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principal generally accepted in India.

(ii) Basis of Measurement

These financial statements prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS. The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The Financial Statements have been presented in Indian Rupees (INR), which is also the Company's functional currency. All values are rounded off to the nearest rupees, unless otherwise indicated.

(iii) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- (i) Level 1:** Quoted Prices (unadjusted) in active markets for identical assets or liabilities
- (ii) Level 2:** inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- (iii) Level 3:** inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(iv) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected. Significant judgments and estimates about the carrying amount of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets, intangible assets including goodwill, investments, employee benefits and other provisions and recoverability of deferred tax assets.

1.2 The significant estimates and assumption are required in particulars for the following**(i) Property, plant and equipment.**

This involves determination of the estimated useful life of the property, plant and equipment and intangible assets if any and the assessment as to which component of the cost may be capitalised. The useful life of the assets is based on the life as prescribed in schedule II to the Companies Act 2013 or based on the technical estimates, taking in to account the nature of the assets, estimated usages, expected residual value and operating conditions of the assets. The Management reviews its estimate of the useful lives of depreciable assets at each reporting dates, based on the expected utility of the assets.

(ii) Impairment of Non-Financial Assets.

Determining whether property, plant and equipment and other intangible assets are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a discounted cash flow model over the estimated useful life of the underlying assets or cash generating unit. Further, the cash flow projection is based on the estimates and assumption relating to expected revenue, operational performance of the assets, market price of the related product or services, inflation, terminal value etc. which are considered by the management.

(iii) Income Taxes.

The companies tax jurisdiction in India, the significant judgements are involved in estimating budgeted profit for the purpose of the paying advances taxes, determining the provision for income tax, including amount of income tax excepted to be paid. The significant management judgement also required to determine the amount of deferred tax assets that can be recognised, based on timing and level of future taxable profit.

(iv) Fair value measurement of the financial instruments.

In estimating the fair value of the financial assets and financial liability, the company uses market observable data to the extent available. Where such level -1 inputs are not available, the company establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair value. The judgement includes considerations inputs such as liquidity risk, credit risk and volatility. The changes in assumptions about these factors could affect the reported fair value of the financial instruments.

(v) Defined benefits plans (Gratuity Benefits).

The cost of the defined benefit of gratuity plan and present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual development in future. These includes the determination of the discount rate, future salary increase / decrease and mortality rates. Due to complexity involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each balance sheet date.

(vi) Classification of Assets, current and non-current.

The assets or liability is classified as current, if it satisfies the any of the following condition.

- (i) The assets / Liability expected to be realised or paid in the company's normal operating cycle.
- (ii) The assets are intended for sales or consumption.
- (iii) The assets / liability held for the purpose of trade or business
- (iv) The Assets / liability is expected to be realised/ settled within 12 months after reporting period.
- (v) The assets are cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.
- (vi) In case of liability, the company does not have an unconditional right to deter settlement of the liability for at least 12 months after the reporting date.

All other assets or liabilities are classified as non-current. Deferred-Assets and Deferred-Liability are classified as current assets or liability respectively.

For the purpose of current / non-current classification of assets and liabilities, the company has ascertained its normal operating cycle as 12 months. This is based on nature of the business and the time between the acquisition of assets or inventories for processing and their realisation in cash or cash equivalents.

1.3 Summary of significant accounting policies**1. Property, Plant and Equipment.**

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred. However, there is no immovable property under review.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided using straight line method (SLM) as specified schedule II of the companies Act 2013. Depreciation on assets acquired / disposed-off during the year if any, is provided on pro-rata basis with reference to the date of addition / disposal. The estimated useful lives of assets are as under:

Class of assets	Useful Life
Computers	3 Years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Impairment of Tangible Assets

The Company reviews at each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. If such recoverable amount of the asset or therecoverable amount of the cash generating unit to which the asset belongs is less than it carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the reporting period, there is an indication that there is change in the previously assessed impairment loss, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Recoverable amount is the higher of fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

2. Inventories

Company is in the business of providing consultancy services hence there is no inventory in the Business.

3. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The company has only single business segment hence the detailed disclosure related to segment reporting is not required to be made.

4. Borrowings

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognised in Statement of Profit and Loss as finance costs.

5. Borrowing costs

Borrowing cost directly attributable to the acquisition, construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use, capitalised as part of cost of asset. The borrowing costs includes interest and transaction cost that a company incurs in connection with the borrowing of the funds. Other interest and borrowing costs are charged to Statement of Profit and Loss.

6. Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

7. Revenue recognition

All known income and expenditure quantifiable till the date of finalization of accounts are accounted on accrual basis when virtual certainty is established.

The specific recognition criteria from various stream of revenue are described as under:

(i) Sales of Services:

Sales revenue is recognized when the services are rendered and the bill is raised in the name of the receivables.

(ii) Interest Income:

Interest income is recorded at accrued or due whichever ever earlier at applicable interest rate.

Dividend income is accounted in the period in which the right to receive dividend arises.

Other items of income are accounted as and when the right to receive arises.

8. Trade Receivable

A receivable represents the company's right to an amount of consideration that is unconditional i.e., only passage of time required before payment of consideration is due.

The Expected credit loss is mainly based on the historical experience. The receivables are assessed on an individual basis for credit loss. The trade receivables are written off on a case-to-case basis, if deemed not to be collectable on assessment and circumstances.

9. Employee benefits

Employee's benefit includes gratuity, compensated absences, contribution to provident fund, employees' state insurance and superannuation fund.

There are no employees which are eligible for such benefits.

(i) Short-term Benefits

Employee benefit payable wholly within 12 months of rendering services are classified as short-term employee benefit and recognised in the period which the employee renders services. These are recognised at the undiscounted amount of the benefit expected to be paid in exchange for those services.

(ii) Post-employment Benefit

(a) Defined contribution Plan

Retirement benefit in the form of provident fund and superannuation fund are defined contribution schemes. The company has no obligation in defined contribution plan. The company recognises contribution payable to such funds as an expenditure, when an employee renders service.

(b) Defined Benefit Plans

The company operates a defined benefit gratuity plan. The cost of providing benefit under the defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary.

Remeasurement gains or losses arising from changes in actuarial assumptions, the same are recognised immediately in balance sheet through other comprehensive income in the period in which they occurred.

(c) Other Long-term employee Benefits

Other long-term employee benefits include compensated absences / leaves. The actuarial valuation is done as per projected unit method. Remeasurement gains or losses arising from changes in actuarial assumptions, the same are recognised immediately in balance sheet through other comprehensive income in the period in which they occurred.

(d) For the purpose of the presentation of the defined benefit plans and other long-term benefits, the allocation between current and noncurrent provision has been made as determined by the actuary.

10. Foreign currency translation

a) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

b) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

11. Earnings Per Share

Basic earnings per share (EPS) is computed by dividing the profit or loss attributable to the equity shareholders of the company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of equity shares, for the effects of all diluted potential equity shares.

12. Government Grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

13. Cash and Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

14. Investments

The Investments are valued at cost of acquisition. All the investments are of long term and short-term trade hence the provision for reduction in the value of investment is provided unless the same is permanent. There is no specific restriction for the investment.

However as per requirement of Ind AS 109, all financial assets should be value at fair valued on balance sheet date. Investment in the nature of quoted and unquoted securities has been stated at market rate stated on BSE on 31st March, 2023. The said gain/loss is notional.

15. Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

OTHER DISCLOSURES FORMING PART OF THE STANDALONE IND AS FINANCIAL STATEMENTS

1. Financial Instruments – Disclosure

Financial assets and financial liabilities are recognized when Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

(i) Capital management

The Company's objective when managing capital is to:

- Safeguard its ability to continue as going concern so that the company is able to provide maximize return to stakeholders and benefits for other stakeholders.
- Maintain an optimal capital structure to reduce the cost of capital.

The company board of directors reviews the capital structure on a regular basis. As part of this review, the board considers cost of capital, risk associated with each class of capital requirements and maintenance of adequate liquidity.

Disclosures

This section gives an overview of the significance of financial instruments for the company and provides additional information on balance sheet item that contain financial instruments. The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized in respect of each class of financial asset, financial liability and equity instrument are disclosed in notes.

(i) Categories of Financial Instruments

(Rs. In thousands)

Particulars	As At 31 st March 2023	As At 31 st March 2022
Financial Assets (Measured at Amortized Cost)		
- Trade & Other Receivable	1086.13	483.41

Investments	8192.00	17034.24
Total	38,385.13	34,674.54

The carrying amount of current financial assets and liabilities as at the end of each year presented approximate the fair value because of their short-term nature. The trade receivables, trade payables, borrowings, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

(ii) Fair value measurements

This note provide information about how the company determines fair value of various financial assets. Management considers that the carrying amounts of financial assets and financial liabilities recognized in the financial statements approximates their fair values.

(iii) Fair value hierarchy

The fairvalue hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1: Inputs are quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs are other than quoted price included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs are not based on observable market data. Fair values are determined in whole or in part using a valuation model based on the assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data

2. The Company did not have any long-term contracts, including derivatives contract for which there were any material foreseeable losses.

3. Financial Risk Management Framework

The company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the company's operations. The company's principal financial assets include trade and other receivables, receivables from government authorities, security deposits and cash and cash equivalents that derive directly from its operations. The company also holds investments. The corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

The Corporate Treasury function reports quarterly to the Board of Directors of the company for monitoring risks and reviewing policies implemented to mitigate risk exposures.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and interest rate risk. Financial instruments affected by market risk includes loan and borrowings. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee. There have been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The company's exposure to currency risk relates primarily to the company's operating activities and borrowings when transactions are denominated in a different currency from the company's functional currency. The company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12-month period for hedges of forecasted sales and borrowings.

Price Risk

The Company's investments in listed securities, mutual funds, other funds and debentures are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the price risk through diversification and by placing limits on individual and total equity instruments. Reports on the portfolio are submitted to the Company's senior management on a regular basis.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's long-term debt obligations with floating interest rates. The loans advanced as at March 31, 2021 is Rs. NIL which are interest bearing and interest rates are variable.

Liquidity risk

i. Liquidity risk management

The company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Chief Financial Officer of the company is responsible for liquidity risk management who has established an appropriate liquidity risk management framework for the management of the company's short, medium and long-term funding and liquidity management requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Chief Financial Officer reports the same to the Board of Directors on quarterly basis.
